

# Praise Points

## Rewarding positive behaviour

Promoting positive behaviour in educational establishments is a perennial problem. Likewise, rewarding good behaviour accurately and instantly (or simply ensuring the 'reward' is not forgotten) is often difficult to achieve. This can be especially problematic when 'points' are being awarded to multiple students by different members of staff, and / or when individual's points contribute towards those awarded to groups of students in separate 'form', 'year' or 'house' groups.

EasyTrace solutions are fully integrated by a single, secure, back-end database (Infinity) and linked to your existing MIS and portal systems.

### Why use Praise Points?

EasyTrace Praise Points is a simple solution that enables teachers, support staff or other members of authority to reward positive behaviour via students' identity cards. The student simply presents their proximity or swipe card to the hand-held card reader held by the teacher and their 'reward is logged'. This small device is then docked at the end of the day or week and all points rewarded are instantly uploaded into the students' individual or group accounts. These can then be easily totalled up and rewarded accordingly.

### Benefits

- Praise Points Readers are portable, battery driven and connect via USB, ...they read all standard MiFare and Mag Stripe cards, and ...they are very small in size, plus easy to use.
- The set up of the system is user driven. So you decide on the amount of 'points' to reward to a student and how they are then redeemed or acknowledged.
- Reports are available for the School Management Team to analyse.

# Praise Points

## Card Security

If a student loses their card it can be immediately disabled and a temporary replacement issued. If someone attempts to use a disabled card, the system rejects it as an invalid card.

## Integration with other systems

We are the longest standing member of Capita's Premier Partner programme and link with SIMS. We also link to others such as CMIS, Integris G2. Praise Points can be delivered as a stand alone module, or can be completely integrated with other modules of the EasyTrace portfolio and with your existing school MIS systems.

# See EasyTrace in Action

We are happy to provide a demonstration of any of our solutions or arrange a visit to a school that is already using EasyTrace.

Just call 08456 717 101  
or visit [www.easytrace.co.uk](http://www.easytrace.co.uk)

But don't just take our word for it!

“ EasyTrace offers a very effective integrated solution and we would happily recommend this company. ”
